## WACKER

**WACKER CHEMICAL CORPORATION**  
3301 Sutton Road  
Adrian, MI, 49221 USA  
Tel: 888-922-5374  
Fax: 517-264-8246  
E-mail: info.usa@wacker.com  
WWW: www.wacker.com

WACKER (www.wacker.com) is a globally operating chemical company headquartered in Munich, Germany. We are a leading manufacturer of a broad range of high quality materials for the cosmetics, human care, personal care industries and other key industries.

For bath, cleansing and sunscreen products for treating skin and hair through deodorants and most forms of color cosmetics like make-up, lipstick and mascara, WACKER materials and solutions add value to your products through technology and innovation.

Customized and comprehensive solutions for virtually all aspects of cosmetic applications are derived from our Wacker-Belsil® silicone based additives and CAVAMAX® cyclodextrin products.

For film forming, conditioning and thixotropic control, Wacker-Belsil® excels where innovative formulations are needed. CAVAMAX® cyclodextrins are the perfect solution for masking taste or odor, adding stability and delivering or solubilizing active ingredients.

Discover more about WACKER by visiting our website www.wacker.com. Contact Dr. Norbert Winkhofer for more information. Wacker Chemical Corporation is a ISO 9001:2000,

ISO 14001:2004, and RC14001:2005 certified company.

Fax: 386-676-0055  
E-mail: sales@conaloe.com  
WWW: www.conaloe.com

Concentrated Aloe Corporation (CAC) and Formulating Cosmetic Chemist, Tim Meadows have been manufacturing and distributing Aloe Vera concentrates, powders and extracts worldwide since 1987. Providing pure Aloe Vera, Tamanu products and other unique natural ingredients with a reputation of the highest integrity has established CAC as a world leader in both the cosmetic and nutritional industries. We are firmly committed to providing premium products at the most competitive prices.

Our commitment to providing products of the highest quality extends beyond the IASC and QAI standards. We are the only Aloe Vera supplier that has independent analysis performed on every batch of our certified products.

Formulation assistance is available to our customers providing customized solutions for cosmetic applications and new product development. Our technical service laboratories have over 25 years of experience in the cosmetic and food applications of Aloe Vera and have pioneered the use of Tamanu Oil in the cosmetic industry.

From inception to end-use, CAC customers rely on expert sales, service and technical support complemented by a strong worldwide distribution network. Our Florida office boasts a knowledgeable and friendly staff that will quickly respond to your inquiries.
