## Alfa Aesar®

A Johnson Matthey Company

Alfa Aesar, A Johnson Matthey Company, is a leading international manufacturer and supplier of fine chemicals, metals and materials. The new 2008/09 catalog features over 3,000 new products, ranging from boronic acids, silanes and silanols, chiral diamines, and fluorochemicals to nano-materials, base metal fuel cell catalysts, fuel cell components, pure metals, alloys, analytical standards, precious metal catalysts, catalyst/ligand kits and more. With extensive manufacturing resources, Alfa Aesar is the single source for your chemical and material needs, from small pack sizes to semi-bulk and bulk quantities. Stop by booth #1816 to hear more about Alfa Aesar.
